Data extracted from preliminary National Association of Community Health Center (NACHC) 10/2006 Survey Report. Purpose of funding has been categorized to identify funding for 1) Uninsured or uncompensated care; 2) Development and Expansion of FQHCs; 3) Capital Costs; 4) Selected Others (ie. Operations, Information Technology (IT), Increased Medicaid PPS reimbursement, Prescription Drug, etc.). This data has been simplified and is apt to change as new legislation is passed.
